## SPECIALTY JUDGE

### SORCHA WILDE

#### Witchesbroom, UK

As a young girl I spent my holidays on my grandfather's farm in Ireland where I met and fell in love with Irish Wolfhounds. In my early adulthood I bred working Basset hounds and enjoyed whipping in for the Grims and Three Shires packs.

Not until thirty years on, after becoming a Theatre Sister at St. Bartholomews Teaching Hospital in London, marrying and raising four children, did I finally, in 1969, come to have an Irish Wolfhound of my own.

This was Sanctuary Casbah who came from Margaret Harrison. On the advice of Ruth Jenkins she was bred to Sulhamstead Branwen Myles and Witchesbroom Magic was the result - the start of it all.

Having bred many champions who have done well in the U.K. and Europe, in Canada, America and Australia, it is, however, the influence of the lines in the success of other kennels that, in many ways, has pleased me most.

Notable Witchesbrooms have been: Ch. Witchesbroom Wildrose, a group winner; Canadian and US Champion Witchesbroom Sorcerer, a group winner and top winning Irish Wolfhound in the USA and, in his old age, Best Opposite Sex at the US National Specialty - as later was Ch. Roskrige Richelieu of Witchesbroom; Ch. Witchesbroom Wizard, an influential sire; Ch. Witchesbroom Whimbrel; Ch. Witchesbroom Norcent, who was both a Show and Field Champion; Ch. Witchesbroom Berwyck Uther a US Specialty winner; and his litter sister Ch. Witchesbroom Berwyck Umbrel, a top ten winning bitch; US Ch. Witchesbroom Himself, a star of American television; Ch. Witchesbroom Sirius, a strong influence in Sweden as was Ch. Witchesbroom Whimsy, litter sister to Ch. Witchesbroom Wirion a BIS winner of All Irish Breeds.

I have been privileged to judge both nationally and internationally and served on the Committee of the Irish Wolfhound Club of Great Britain.

What do I feel about the breed? Irish Wolfhounds are my passion. I believe in a continuity of purpose that never changes, that is having a vision of the breed which is encapsulated in three words - size, power and grace. My attempts at always striving to improve on what I have bred have been made possible by the kindness and advice given to me by these legendary breeders - Ruth Jenkins, Florence Nagle and Susan Hudson.

## SWEEPSTAKES AND UNOFFICIAL CLASSES

### MARIA LUBERA

#### Shellane Kennels, USA

I have not been without at least one wolfhound since 1982. This is not a long time compared with other breeders I have come to call my friends and mentors, but I wouldn't change the last 30 years much, even if I could.

My first wolfhound was from an ad in the paper. I was very fortunate to have her for almost 10 years as my companion and my toddler son's best friend. After losing her, I took some time and started to research the breed a bit more. I joined GLIWA and got my second hound from a breeder/member of the club.

Annie was to be a companion, and when she was a yearling I attended my first Coursing Trial with her.

I watched some wonderful hounds run and fell in love with a beautiful bitch named Diamond (Ch Slaine Pride and Prejudice, SC, LCM), owned by my now good friend, Christine Krowzack.

I got my third wolfhound, "Gamble" out of Diamond. He was my first excellent courser, of which I have been lucky enough to have had a few.

Gamble also taught me about dog shows, my first match being Midwest Irish Wolfhound Association in Minnesota and the second being Locust Grove in Edwardsville. I found my passion.

Although having had some nice dogs, being in the breed for years, learning and studying as much as I could, it wasn't until the amazing Sky, Am/Can Ch Druid Rock Shellane's Skylark, that I thought that I had a bitch that I should breed.

You may remember her from winning the Canadian Specialty twice! Sky was bred to Can.Am. Ch Wolfhavens Fools Brick O'Gold. From that breeding came one Canadian Ch and three US champions, including Ch Shellane Braniff who took Best of Breed at the Irish Wolfhound Club of America's Specialty in 2104.

I have also bred a few other litters since Sky's with some promising puppies coming up.

I am excited to be coming up to BC again and look forward to seeing your youngsters in sweeps.

## PARADE OF VETERANS

*Veterans left to right: Taegan, Kevagh, Storm, Kizzie (absent), Neenagh*

### **CNOCCARNE TAEGANAGH**

In August, Taegan will have been with us for a wonderful eight years. An independent wolfhound, she loves to be petted, will lick you to death (especially where food is involved), gentle as they come, but when events get overly active, she will retire to the side and keep an ever watchful and protective eye on the goings on whether they be with dogs, kids or adults. Jim and Sally Bradbury

### **CNOCCARNE TREVAGH**

Cnoccarne Trevagh or 'Kevagh the Diva' is here!! hide your puppies!! Kevagh loves to tell those troublesome puppies just who is the boss, and any other dog that might stray too close, except of course, those handsome boys. Our Kevagh is the daughter of our Talann, she is now almost 8 years young and she has remained our feisty little girl her whole life and we love her dearly. I even think she thanked us for getting her a toy boy to play with, it certainly has kept her young, we hope for a few more years!!

Peter and Fran Briscoe

### **RUN WILDE'S PERFECT STORM**

Storm lives up to his name everyday. Perfect Storm. One of his nicknames is Easy Dog because he is effortless to live with. Quiet, undemanding, always there. He is also known as "Road Block". This is for his interesting habit of stopping for no discernible reason right in the middle of the trail. Or "Teacup Wolfhound" as he curls up in an impossibly small ball to sleep. He loves to run, to jump, be with the pack...be in his car...be on his bed....but most of all he loves being with me-and me with him. Perfect.

Carol Kester

### **CH. GLENAMADDA RAINVALE U R KISMET**

Kizzie came to me as a "very good, very quiet" pup - but was anything but! Walking on the kitchen counter & destroying a whole section of bedding plants were among her early accomplishments. However she grew up and became "usually good & quiet". She finished her championship and presented us with a lovely litter of pups. In her retirement years she rules with an iron paw. The human is allowed one cup of coffee before her early walk - but don't even think of having two! We hope that we are allowed to enjoy her presence and antics for years to come. Karen Brumpton

### **CH. CNOCCARNE CLOONEENAGH FCH**

On March 20th of this year, Neenagh turned 11...everyday is special and she seems to get away with far more than ever before. Her beautiful eyes convey so much spark and warmth and now her quiet energy is more noticeable in so many different ways.

She continues to rule the roost here, her children and grand-children have nothing but the highest respect for her. She marches up the mountain everyday, often stopping to check out the various scents, still up for a good chase at a slower pace. Neenagh, you are a classic for sure and I/We treasure every moment with you. As I write this, I am not sure if she will be coming to the Specialty, it will be her call on the morning of this show. If I also feel it may be too much for her, she will be waiting at home to greet all those coming for the BBQ and Seminar on Sunday. Emma Ross
