NATIONAL SPECIALTY JUDGE

MRS. URSULA (TIMMY) RALFE,
SOUTH AFRICA

I had been breeding and showing Great Danes for a few years, when one day I saw a picture of an Irish Wolfhound in a magazine in the waiting room of my dentist. 1975. It struck me like lightning: THIS was what I wanted! It took over 2 years until I found the right puppy in October 1977. Charley (Ch. Liscune Cormac) turned out to be a real character, confident, funny, gentle. A wonderful show man, too. What he might have lacked in structural quality he made up for in charm and personality. I kept his son Ben, and then Ben's son and so on.

I have lived with several Irish Wolfhounds ever since, until my last one – Adam – died in 2000. I live in South Africa, and by then it was time to have dogs that don't just look like they might defend you.

Since the late 70s I have had the privilege to work with countless Irish Wolfhound puppies in basic obedience and show training, it's always a pleasure to turn those little hooligans into agreeable little citizens.

I started to judge in the early 1980s, and this has allowed me to see beautiful dogs all over the world. I have judged the breed in many countries, and was privileged to judge Wolfhound Specialties in the USA, Germany, Russia, Ireland and South Africa. I am qualified to judge all Gundogs, Herding, Hounds and Working breeds.

I was the founder chairperson, and I am now an honorary life member of the Irish Wolfhound Club of South Africa, and I have presented several Breed Clinics on their behalf – a slide show which explains in some detail the breed standard requirements.

I really look forward to judging your lovely dogs in Canada – it will be wonderful to spend a day or two “waist-deep in Wolfhounds” so to speak.”

— Timmy Ralfe

GENERAL COMMENTS

My sincere thanks to the IWCC for inviting me to judge your wonderful dogs. It truly was a once in a lifetime experience, simply unforgettable! Special thanks to Barbara Arndt who looked after me so well during the week, was my ring steward and took me to the airport. I had a really great time, thank you Barb!

The presentation and handling of the dogs was superb, I was really impressed. I was even more impressed with the sportsman-like attitudes of all, accepting my decisions with a smile. I found deep quality – always a sign that the breed is doing well in that country.

The ring was of a lovely size and the huge tent provided some relief from the sun. I saw some super prizes and all those beautiful cups and trophies, not to mention the magnificent ribbons for all the winners and placings.

Large, flat ears are a problem all over the world, and I saw a few in Canada as well. It is said that “they don't run on their ears”, which is true of course, but the standard does ask for a Greyhound-like ear. Such ears set on high and well back on the skull grace a well-made head, giving the dog or bitch that wonderful, intelligent sighthound expression. It is about type, and type is important.

Mouths on the whole were very good. A few missing teeth, not too many. Mostly neatly fitting scissor bites. Strong enough jaws with sufficient depth and clean teeth of good size, even in the Veterans classes. Very pleasing to see!

It was a very hot day, and some dogs were just fed up, did not want to move all that well, and I really can't say that I blame them.

— Timmy Ralfe

SWEEPSTAKES & UNOFFICIAL CLASSES**KATHIE UPTON***BLACKWING, CANADA*

It is a great honor to be asked to judge the sweeps at a National.

I have had the Irish wolfhound in my life for 40 years. I was introduced to this fabulous breed by my partner in the mid-70s. My first hound was a female I named Bonnie whom I purchased from Karlyn Allward (Wolfdane).

My partner was talked into going to a National held in our area I tagged

along with my girl to show and he showed his boy. That was my first introduction into the world of breeding and showing. I never would have thought then that I would be bitten by the bug. The judge was Mrs. Florence Nagle. Bonnie performed beautifully until the judge was to go over her, she decided she was going to have nothing to do with that and proceeded to rear up and down like a naughty horse. We were excused.

A few years later after Bonnies passing I purchased 2 beautiful hounds from Mrs. Natalia Douglass (Rionnageal) one of which I showed to her championship and subsequently bred. By then I had owned or should I say been owned by wolfhounds for 10 years. Rionnageal Emma was a very nice solid black bitch that could turn on a dime and loved to fly over freshly furrowed fields. I named my kennel after her, "Blackwing", she was beautiful to watch. Natalia became one of my closest and dearest friends. We worked together for many years breeding and showing until she passed from cancer.

Over the years I have been fortunate enough to have produced some beautiful hounds some of which were finished to their championship and I had the honor of being able to work with some of the best breeders in this country Natalia Douglass (Rionnageal), Barbara Daley (Aotearoa), Donita Osborne (Wolfhaven), Jocelyne Gagné (Starkeeper) and Susan Prokopenko (Glennamadda). I have met and become friends with many wonderful people. What a great sport this can be.

I have judged a few sanction matches in my area, I was considering becoming a judge but unfortunately my job and family did not allow me the time to pursue this endeavor. I am recently retired after working 40 plus years for Agriculture Canada as a grower then supervisor of the growth facilities at the Ottawa Research and Development Center. I also breed Basenjis and yes they do get along with the big dogs and I am an avid gardener. I am looking forward to this great opportunity to judge this year's group of offspring.

— Kathie Upton

GENERAL COMMENTS

I would like to once again thank the show committee for the opportunity to judge the 2018 National Sweeps. The entry was far better than I could ever have imagined. Thank you to all the exhibitors that gave me the chance to judge your puppies. It was a great honor. The quality of your pups was outstanding and it was a very difficult job, there were a few classes I would have liked to give out two first ribbons.

In general top lines were good, feet were pretty good, heads nice

with lots of expression, front and rear angulations was for most dogs good however I would have like to have seen a bit more rib spring.

Message from Your Show Chairs

Welcome to the 2018 combined Regional and National Specialties in beautiful Ridgeway, Ontario! Hopefully Mother Nature is kind to us for our 4 day specialty weekend! Please be sure to clean up after yourself and your hounds so that we may be welcomed back in future years!

As show chairs, this is the first time we have taken on organizing and running these specialties. We hope that you all enjoy the 4 days of events we have planned. LGRA, 2 specialties, CGN testing and an educational seminar presented by Dr. Alison Jones, on reproduction in giant breeds.

Thank you to the Board of Directors of the IWCC for the trust they placed in us, along with their support and guidance on the running of this specialty. Specifically, Jocelyne Gagne and Judith Callender – without your help and guidance in many areas....this 4 day Specialty Weekend would not have turned out the way it did! We are very grateful for everything! It has been a very long year, lots of learning curves, but we hope that what we have produced is to everyone's satisfaction!

A huge thank you to Sue McClure for designing this year's specialty weekend logo! It is gorgeous!

Thank you to Royal Canin for sponsoring our specialty and their generous donations.

A big thank you to Malcolm and Andrea Duncan for organizing the t-shirt orders, running and organizing the sales table, book sale and raffle sale. To Lynnie Totton for organizing our thank you bags for the exhibitors. And to Monique Sequin for taking on the enormous task of organizing, fundraising and sourcing trophies. Trophy Chair is not an easy job, but you pulled it off and did a wonderful job! Thank you to everyone who sponsored trophies and classes. And lastly, thank you to everyone who has volunteered their time to making this weekend spectacular! Barbara Arndt, a very big thank you for taking on the task of Judges' Hospitality, as well as ring steward for the Regional! And thank you to our National Ring Steward, Christopher Shields.

Be sure to check out our sales tables, daily raffles and silent auction – we think it is fabulous this year! There are specialty shirts for sale, lots of handmade IW items, and a book sale! We also have an art raffle with absolutely gorgeous items.

Last but certainly not least, please take the time this weekend to simply enjoy the beauty of the breed that we all love so much. Our shared love of the magnificent Irish Wolfhound is the reason we are all here this weekend. Of course, winning is always fantastic, but let's make the celebration of our breed the main point of the weekend.

We hope that you have a fun and SAFE weekend!

PARADE OF VETERANS

TALIESIN'S REALTA GHEAL I BODACH BN RN THDA CGC TKI PCD RI CGN GRC - "RIGEL"

Male, 1116150, 07/03/2011

Owners: Celeste Atkinson & David & Donna Smith

Rigel's registered name translates to: the brightest star in Orion. Little did I know when I brought home little GoGo, he would reach superstar heights (at least in my heart). As you can see from the letters attached to his name he has been a busy dog. Obtaining titles in Racing, Pet Therapy, Rally, Obedience and Tricks in both the United States and Canada. He also received an Achiever Dog Certificate from the AKC that recognizes

his versatility in multiple events. He will be getting at least one more title before this run is done as we have completed the requirements of 200 therapy visits for the Therapy Dog Excellent title.

What does all this mean? What it means to me is that over the last 7 plus years I have had the privilege to spend my time with a wonderful companion and team mate. Rigel is an excellent breed ambassador. He is as happy surrounded by hundreds of people participating in Meet the Breeds events and strolling the streets of New York and Toronto as he is hanging out by the bonfire on a summer night on our rural property.

I am indebted to Donna and David Smith of Taliesin Irish Wolfhounds for entrusting this amazing boy to my care. Life with Rigel has definitely been an adventure. If Rigel had a motto it would be: "Look out World, Here I come!"

CAN.AM.CH. GLENAMADDA STARKEEPER CLODAGH

Female, XE342355, 14/03/2010

Owner: Jocelyne Gagné

Chloe and her litter sister Chevonne were co-bred by me, and moved from Glenamadda into the Starkeeper clan over 8+ years ago as young puppies. They were quite challenging, and affectionately known as the Piranha Puppies or Terrible Twins. As youngsters, these two were inseparable, and throughout their lives, they were in sync with each other. Together, over the course of nearly 6 years, they earned over 35 Best Brace in Show wins at all breed and specialty events.

Always sweet, Chloe has a typical wolfhound temperament: "A Lamb at home, a lion in the chase." She was a wonderful mother, and devoted to taking care of her puppies.

I rarely breed a bitch more than once, but Chloe produced 3 litters as she obviously enjoyed it and was a super mom, whelping easily, quickly and without complications in each of her litters of quality pups. She has won numerous Brood Bitch Specialty awards, including the Canadian and American Nationals.

Now the matriarch, Chloe lives with her two daughters, grandson and great niece at Starkeeper.

STARKEEPER FITZWICK C'S LEGACY

Female, XG356935 – 25/04/2010

Owners: John Fitzgerald & Jocelyne Gagné

Lacey was born in Canada, 8 1/2 years ago. She came to me in Rhode Island as a young pup with my hopes that she might be mom to my first ever, home grown litter. As she matured, she embodied the attitude of a bitch that was destined for motherhood (I am still filling in all her "dens"!)). False pregnancies, family protective attitude; all part of her life approach that seemed to say "Breed Me!". Never very excited about showing, she still exhibited a sound enough wolfhoundness to give

her, and me, a reason to give it a go. Seven sweet, lovely puppies arrived – our one and only Fitzwick litter! (You will see her son in the show!)

Lacey and I have lived together for 8 1/2 years and we have discovered her strengths and worked together to showcase these to make her a major contributor to my lifetime investment in Wolfhounds. Lacey LOVES people of all shapes and sizes. A classic leaner, and nudge, (able to give kisses on cue), she has given, and received, hugs and pats from hundreds of youngsters and seniors

(and all in-between) as a canine ambassador at Irish festivals, schools, nursing homes (et al) and just walking the streets. She has definitely lived up to her name (Legacy) and is creating her own legacy that is making her owner, and many others, proud to be in her life!

CH. BLACKWING'S STARKEEPER TEGANN

Male, XN364080, 15/07/2010

Owner: Jocelyne Gagné, Caretaker Ann Darrow

Tegann was bred by Kathie Upton, and sired by my beloved McEnroe. As a young puppy Tegann was my stud puppy, and moved from Kathie's to Anne Darrow's home. Anne has provided Tegann with the best of everything where he is somewhat spoiled, routinely exercised and well loved. He was only used at stud once, and has produced four champions (3 Canadian, and 1 American) from that litter, which has only just turned two years of age.

Shown sparingly, Tegann had some nice specialty wins, and completed his Canadian Championship at the Quebec specialty with Best of Winners. As a veteran, Tegann has won some nice Veteran Dog specialty awards and we wish him the best in the years to come. Anne is Tegann's best friend.

CH KELLYSCOT GLENAMADDA FREYA

Female, YS423730, 08/09/2011

Owners: Helga Lavigne, Susan Prokopenko & Ewa Boldok

Call name Freya – loved and living with Helga Lavigne

My homebred Ch. Kellyscot Glenamadda Freya became a veteran this year although judging by her actions and habits she is still the dynamic, independent, knows what she wants, bitch.

Freya now rules the house since her mother Lizzie, who taught her everything she knows, went to the rainbow bridge at 11 not quite 2 years ago. So Lance, Freya's nephew and I are well trained to do her bidding.

Freya's daily outing with Lance and me usually end with her being picked up by her Uber van (i.e. yours truly) as she goes ahead of us not quite to the end of the parking area at the local soccer field and hockey arena. This is the freedom she takes and expects to exercise without any objections. Very independent, she knows her way around and waits to be picked up.

Freya, like her mother, is a great companion. She has been shown sparingly obtaining her championship easily. She is the mother of Wolfholm Firecracker, call name Pepper, belonging to Ewa Boldok. She is the grandma of Pepper's 2018 litter of 7 pups. I hope Freya will follow her mother Lizzie and stay with me several years more. *Submitted by Helga Lavigne, Ottawa Ontario*

Wonderful "old-fashioned" kind of head. Can't quite say what makes it so... perhaps a bit less stop than what Wolfhounds have these days? Lovely length and depth of muzzle; rose ears set high and well back on the skull. A big dog with bone and substance, super topline, lovely angulation. Very sound mover. A pity he wouldn't fit into my suitcase ;-)
