SPECIALTY JUDGE

ROGER TEBBUTT

CAREDIG IRISH WOLHOUNDS

FCI International judge, Anglesey, Wales, UK

I have lived with Irish Wolfhounds for forty years. Debbie and I have had some notable successes in the show ring, including major hound group

wins and

Best of Breed at Crufts. To have won the Graham Shield three times for Best in Show at the Irish Wolfhound Club Championship Show (UK) is particularly thrilling.

We have bred and owned several influential stud dogs; it is wonderful to have owned and exhibited UK champion hounds of the caliber of, among others, Yankeeoodle, Jupiter and Galileo, and to see the extent to which their bloodlines have spread through their progeny.

I love to watch fit, agile hounds hunting in rough country, and we are fortunate that the farm is a good environment to raise and exercise our hounds. I am constantly aware of the history and purpose of our breed, and I keep in mind Captain Graham's vision of the hound when I am judging.

In addition to my UK appointments, I have judged wolfhound specialties in several European countries and in North America; I also had the pleasure of judging our second breed, Bassets Fauve de Bretagne, at Crufts2010.

Judges Comments

I was thrilled and honoured to be invited to judge your National Specialty Show. I think BC is a very special place, and your welcome and sportsmanship only reinforced my opinion. I was superbly looked after; special thanks to David and Donna Smith for making my time outside the ring into a memorable holiday, and to the committee, show manager, steward and everyone else who made my time in the ring such an unalloyed pleasure.

Exhibitors: Thank you for bringing me your hounds to examine; you were so gracious in accepting your placements that I feel a little troubled with the somewhat critical tone of some of the comments that follow. However, you did ask me for my opinion, and it would be wrong of me to downplay the elements of your hounds that could have been better. Overall,

you will see that I was looking for power and fitness in a well-made and curvy sighthound. My puppy winner, seen in profile, was full of the shape and curves I was looking for, full of promise. My Best Opposite exemplified these curves and shape in a fully mature and graceful hound. My Best of Breed, albeit rather raw at only eighteen months, combined shape, great bone, strength and power; he was the one who, I felt, could do best the job for which wolfhounds were bred.

LIS HENRY

MEILLE IRISH WOLHOUNDS

Chelmsford, Ontario

Our first Irish Wolfhound, Carney, came home in the spring of 1970 and left us just short of his 10th birthday.

If memory serves, in his first show at six months, he won a jam pot and spoon which we still treasure.

Puppies! All knobs and legs and so beautiful, showing the promise of the great hound within.

You will not know me...a founding member of the IWCC, a committed worker for same in its early years and a breeder of Wolfhounds under our Meille prefix and Clumber Spaniels under Llnet. Our current household is the keep of seven, the eldest being a ten year old venerable Chow and the youngest our IW Del Rio who turns three in December. We were fortunate to start with the great lines of Fleetwind and Ambleside in our hounds.

Thank you for letting me pinch hit! I look forward to meeting your puppies!

Judges Comments

I would like to thank all the show committee and volunteers...what a wonderful weekend of Irish Wolfhounds and their people!

My congratulations to all the breeders, new and established, who continue to protect and advance our breed with health, longevity and their ideal in mind. Three female babies were entered and lovely ones too!

Starkeeper Coolahbah Jezebel for the winner of this class at the Annual Specialty Shows of the IWCC/CCLI. To retain permanent possession of this trophy it must be won three times by the same exhibitor, though not necessarily with the same hound or at consecutive shows. Jocelyne Gagné will offer a Keeper Trophy.

HEAD - *The AOTEAROA TROPHY* is offered by Barbara Daley for the winner of this class at the Annual Specialty Shows of the IWCC/CCLI to emphasize the importance of a typical head as a distinguishing feature of the breed. It is a Perpetual Trophy and can never be won outright. Barbara Daley will offer a Keeper Trophy.

HINDQUARTERS - *The STARKEEPER TROPHY* This challenge trophy - twice retired by Starkeeper Hounds - is offered once again in 2013 by Jocelyne Gagné for competition at the Annual Specialty Shows of the IWCC/CCLI to the dog or bitch adjudged to have the best hindquarters. To retain possession of this trophy, it must be won three times by the same exhibitor, though not necessarily with the same hound or at consecutive shows. Jocelyne Gagné will offer a Keeper Trophy.

BEST IN SWEEPSTAKES - *The BAILEY MEMORIAL TROPHY* This trophy is offered by Shelley Camm in memory of Yasashiikuma Bit O'Bailey. It is a Perpetual Trophy and can never be won outright. Katherine Goodes will offer a Keeper Trophy.

BEST OF OPPOSITE SEX IN SWEEPSTAKES - *The CURIANN CHALLENGE TROPHY* is offered by Judith P. Ryan for the Best of Opposite Sex in Sweepstakes. To retain permanent possession of the trophy, it must be won three times by the same exhibitor, though not necessarily with the same hound, or at consecutive shows. Judith Ryan will offer a Keeper Trophy.

BEST OF BREED ALTERED - *The NESBITT TROPHY* is offered by Casey Nesbitt for Competition at the Annual Specialty Shows of the IWCC/CCLI for the Best Altered Hound entered at these events. It is a Perpetual Trophy and can never be won outright. Casey Nesbitt will offer a Keeper Trophy.

JUNIOR HANDLER TROPHY

BEST OVERALL JUNIOR HANDLER - *The HOUNDS OF AVOCA TROPHY* is offered by the AVOCA HOUNDS for the Junior Handling Competition at the Annual Specialty Shows of the IWCC/CCLI. It is a Perpetual Trophy and can never be won outright. A Keeper Trophy is offered by Charlie Morrison.

Note that due to lack of venue, personnel and equipment, only some per-

PERFORMANCE TROPHIES

formance effects may be held in conjunction with the Specialty show or they may be held at a time and place different from the actual show.

STARKEEPER PERPETUAL TROPHY offered by Jocelyne Gagne, Starkeeper Perm Reg'd for Best of Breed at the Lure Coursing Field Trial held in conjunction with the IWCC/CCLI's National Specialty Show. Jocelyne Gagne will offer a keeper trophy.

ARAHU PERPETUAL TROPHY offered by Sid Wood for Best In Puppy Stakes at the Lure Coursing Field Trial held in conjunction with the IWCC/CCLI's National Specialty Show. Sid Wood will offer a keeper trophy.

KARONTARA PERPETUAL TROPHY offered by Karon Ozols for First in Field Champion Stakes at the Lure Coursing Field Trial held in conjunction with the IWCC's National Specialty Show in memory of Bilbernie Karontara Georgia, FCh, II BIF. Karen Ozols will offer a Keeper trophy.

STARKEEPER RAYNE CHALLENGE TROPHY offered by Jocelyne Gagne, Starkeeper Perm Reg'd for First in Open Stakes at the Lure Coursing Field Trial held in conjunction with the IWCC/CCLI's National Specialty Show in memory of Can. UKC. Ch. Laislinn's Starkeeper Rayne, Can. Am. FCh, JC, GRC. Jocelyne Gagne will offer a Keeper Trophy.

THE MARVELLOUS MABEL FASTEST WOLF-HOUND CHALLENGE TROPHY is offered by Liz Barningham to the hound with the highest score at the LGRA (Large Gazehound Association Race) Meet held in conjunction with the IWCC/CCLI's National Specialty Show. First offered in 2012. To retain permanent possession of the trophy, it must be won three times by the same exhibitor, though not necessarily with the same hound, or at consecutive meets. This original trophy created by a potter and friend of Liz's, Vince, is donated by Liz Barningham in honour of her Marvellous Mabel's ninth birthday (Kellamore Starkeeper Mabel), awarded to the high score IW, or basically, the fastest wolfhound at the race meet. This is a beautiful one of a kind pottery bowl, with a smaller version offered by Liz Barningham as the Keeper Trophy.

President's Message

Cead Mile Failte – *“you are welcome, a thousand times, wherever you come from, whosoever you be.”*

On behalf of the Irish Wolfhound Club of Canada, It was my pleasure

to welcome you to our annual National Specialty. Thank you for joining us in celebrating our magnificent breed. This is the opportunity to showcase our beautiful hounds, to see the new youngsters, to appreciate the hounds in the ring and to honor our veterans. At these annual gatherings, it is also a time to renew friendships and make new acquaintances. And, of course to enjoy our hounds.

We welcomed our panel of four judges for the specialty shows and looked forward to their evaluations of our hounds. Each of them shares our love of the breed.

A Race Meet took place on Sunday afternoon, when the hounds got to have fun. Also what promised to be a thought provoking and informative panel discussion took place on the Monday directed by Gretchen Bernardi. I hope you were able to join us for all of these events.

Kudos to the BC Branch members, the Show Committee and the many organizers for this combined Regional and National weekend of events. I am impressed by the great collaboration and commitment of the BC Branch in making this event a success. Under the leadership of the Show

Chair, Fran Briscoe, they all worked hard to prepare for these few days. The organizers deserve a great thank you from all of us. Please take a few moments to let the committee members know what a great job they did.

May the spirit of camaraderie stay with us all.

– *Jocelyne Gagné*
President IWCC

Thank You from the Show Chair

As Show Chairperson for the 2017 Combined Specialties, I would like to say thank you to everyone from the competitors and their hounds, the show committee and all the volunteers who helped, our caterers and all the visitors who came to see the hounds. The weather was wonderful and the rain held out until just at the end of LGRA on Sunday. A special thanks to our judges, Roger Tebbutt, Ika Peiler, Lis Henry and Sid Wood who so honoured us and our hounds with their knowledge and respect for the breed. Moreover, special thanks to Emma Ross for the use of her beautiful property for camping and meals and to Peter Kokoska for the use of his field for the show.

– *Fran Briscoe*

Balanced and typical six year old. Nothing exaggerated here in this well made boundy bitch. Skull and muzzle on the fine side, but very well constructed. Gentle curve and sweep of top line finishing beautifully over her croup. Well ribbed back with the right amount of spring of rib for her make. Nice balance of angulations and low hocks used well. She moved evenly and competently, but without the underlying look of command and power I hoped for.

A quality, fit three year old of good make with lovely head and expression with a hunter's look in her eyes. Good set of neck, top line and underline, strong through loin, good feet, but for balance, I would prefer more length of leg. Moved in a sprightly fashion.

Rangy, well made grey brindle puppy of super type about whom my only concern was her overall narrowness. She has a super head with the darkest of eyes, beautiful ears, long muzzle with excellent planes, a nicely put together front though obviously needs to develop in chest. She's a tad long in loin, but has a nice croup and a lovely sweep to hindquarters. Although yet to sort herself out, she showed signs of power and freedom in her movement.

Came in second in the same class, as Winner's Dog and was challenged by the Open Dog class winner. He won as he was more balanced with better length of leg to height than the open winner. My notes say he needs more body, whereas the Open winner needs less!

A terrific example of the power and shape I was looking for. This four year old had balance, poise and presence. Wheaten two year old, tall and with good proportions with attractive head and good pigmentation. Although he has decent depth of chest, he lacks forechest and is narrow in front with upright shoulders. A bit long in loin for me, but has a good croup. Movement would be improved with more hardness of muscular condition.

Grey brindle, just 2 years old, and smaller all through than winner. Lots of boundiness here. Gentle expression, dark eyes, and lovely planes to his head. Front construction a little upright, but he has a gentle rise over loin and fair angulation in hindquarters. Movement was all over the place, but showed me enough moments of correct articulation to bode well for the future.

Litter brother to 2nd. Good strong bound with balance of height to length, a little flatter in top line than his brother. Kind expression with dark eyes and well set ears. Level bite. Nice front, but shoulders could be better laid. Nice flare to pelvis, good croup and rear end. Did himself no favours in the ring by misbehaving and keeping his head down on the move; however, there were occasional moments of lucidity that allowed me to assess him favourably!

2-year-old light red brindle with good pigmentation and attractive expression, (though my notes say 'lighter than flame eyes'). A bit heavy in shoulder, and upright in pastern. Strong through loin, with nice underline, but slightly flat in top line. Attractive strong looking hindquarters standing, but moved rather loosely, wide in front and close behind.

Substantial three-year-old grey brindle. Noble head, fairly well constructed front, if a little heavy in shoulder, very deep chested with good spring of rib. Good matching top and underline, flaring pelvis, strong, well-angulated hindquarters. I felt he could have moved with more purpose had he been in better muscle condition; having said that, he moved evenly and correctly.

Six and a half year old brindle with nice head and well-set ears carried high and rosed. Sadly, his light eyes detract from his kind expression. Decent shoulders and front, although a bit upright in pasterns. Nice top and underline, if rather long in loin. Standing makes a pleasing exhibit, but although he moved reasonably, he flew his tail to rather spoil the image.

7-year-old grey with very well made head with the most attractive greying whiskers, dark eyes, and lovely small well set ears. Teeth worn with age. He has a decent front, good balance all through, and a nice flare of croup. He is losing muscle and is no longer true in his left hock when moving.

Rangy, well made grey brindle puppy of super type about whom my only concern was her overall narrowness. She has a super head with the darkest of eyes, beautiful ears; long muzzle with excellent planes, a nicely put together front though obviously needs to develop in chest. She is a tad long in loin, but has a nice croup and a lovely sweep to hindquarters. Although yet to sort herself out, she showed signs of power and freedom in her movement .

Another quality pup, rising 12 months grey brindle. Lovely head, dark eyes, good small ears. Plainer in front, and without the super angles and curves of the winner. Better width all through. Nice low hocks and good spring of pastern. Moved correctly but without the scope of the winner.

Two and a half year old red brindle with flame eyes and lovely pigmentation to her neat and correct head. Although balanced from the point of view of length to height, she is rather light in bone and narrow, with a rise in top line a bit forward. Falls away over croup, but nice hindquarters. Moved well but without huge power.

Really typical head with attractive, balanced proportions. Good body and spring of rib, strong over loin. However, she is heavy in shoulder placement, lacks the angulations and leg length to match her body, so lacks the levers and angles to give power and ease on the move.

Balanced, capable looking bitch with good head with lovely planes and well-set ears, strong neck into well laid shoulders and good layback of upper arm. Standing, her top line dips, but this settles as soon as she moves, and she looks so much better. She has a strong loin, good flare of pelvis, no exaggeration in hindquarters, which balance her front well. No surprise that she moved with easy freedom.

Completely different type to those placed ahead of her. Really strong six and a half year old. Lots I liked about her; good head and neck, really well laid shoulders and upper arm, good underline and croup. She appeared short on leg, because the angulation of her hindquarters was over exaggerated, and, standing, she repeatedly sank over her back end. She moved with great length of stride, which put me in mind of a loping tiger.

Balanced and typical six year old. Nothing exaggerated here in this well made boundy bitch. Skull and muzzle on the fine side, but very well constructed. Gentle curve and sweep of top line finishing beautifully over her croup. Well ribbed back with the right amount of spring of rib for her make. Nice balance of angulations and low hocks used well. She moved evenly and competently, but without the underlying look of command and power I hoped for.

10 Irish Wolfhounds entered in this Meet

The BC Branch of the IWCC hosted this year's National & Regional events, and I want to comment on what a pleasure it was to work with such a collaborative team of volunteers, participants and officials. This is especially true because most of the people didn't know much, if anything, about straight racing.

I especially wish to express my thanks to David and Donna Smith, experienced LGRA folks who joined us from Pennsylvania and who worked diligently in the setup and take down operation of the track, along with Karen Fredericks from Missouri. I learned about how to run a race meet from Karen many years ago, when she represented the St. Louis Sighthound group that helped us run our first Canadian IW Only LGRA meet. Karen was instrumental this year in helping with the set up and operation of the meet, and acting as our starter and foul judge. And Jim Bradbury rigged up the equipment at the last minute to make sure we had our meet!!! I just love people who pitch right in, and get things done! Your efforts were so appreciated! Everyone of course pitched in, and I am grateful to all who helped on the day.

Even though all of the entrants were new to straight racing, we had some great running hounds and the weather co-operated. We were able to get through all 3 programs before the rains came!

Thank you to all of the exhibitors for your good humour, assistance and help in making this a fun event.

Out of the 10 hounds entered, each of them new runners, we had 4 very strong finishers.

This year's winner of the Marvelous Mabel Fastest Wolfhound award was August Calypso, owned by Jim and Ellen Kroll as she ran her way to a strong first place finish!

Thank you to our donors who contributed to our trophy table, Liz Barningham, who sponsors the Marvelous Mabel Trophy for high score hound and offered the memento, Emma Ross & Jocelyne Gagne. And thank you to Mark & Tina Berry for all the photos.

Trial Coordinator – Jocelyne Gagné — **Judges:** Larry Gahan and Moyra Hamilton

First, thank you to Heather & Jean Dansereau and Anne Hulley and their OLCA club for extending their expertise and sharing their venue and judges with the IWCC for our National Specialty Lure Field Trial.

Larry and Moyra are no strangers to our event, each having judged for our club on more than one occasion. Don Hamilton was our Huntsmaster, and he and Moyra are former IW owners who had some spectacular coursing hounds.

We had an entry of 5 hounds in the regular stakes (unfortunately two bitches were absent as they came into season or we would have had 7). In Singles we had 2 hounds and in Puppy stakes also 2 competing.

I want to thank our donors for their support: Bill Ashburn of 40 Creek Distillery – Joanne Buehner Brown, DVM – Jocelyne Gagné, Starkeeper Irish Wolfhounds, Karon Ozols, Karontara Irish Wolfhounds – Sid Wood, Arahu Irish Wolfhounds and Our anonymous donor who donated to the club's performance events.

Breeder Stakes was won by the Starkeeper hounds Ryn & Ellie for breeder Jocelyne Gagné.

Thanks to the generosity of the people attending at the OLCA trial the little raffle basket (comprised of mostly 40 Creek products) raised \$170 for our club!

Many thanks to the LGRA Team who worked with me on this event: Celeste Atkinson, Karin Eder, Lani Hopf and Linnie Totton who donated prizes, helped organize and take down the track, recruited volunteers and generally kept things running smoothly on the day! You all worked hard and it was a great event. Of the 10 dogs entered, four were new to racing, and nine completed all three programs of running which was terrific!

The weather gods smiled on us this day, and we had a bright sunny, but not too hot, day for our event.

Once again, we were the beneficiaries of Laurie Soutar and Dave McMahon's property, equipment and expertise in running our meet at Tattletale Farm. We appreciate all of the help that our exhibitors and friends brought on the day! We need many volunteers to run these events, and it is wonderful when everyone pitches in the way you all did for this meet. Special thanks to Tina Ing who showed up again with family & friends to help! Thanks to all.

Conformation Judge

Our first Irish Wolfhound came to us in January of 1982, and Ulli and I registered our prefix Knocknarea with the Irish Kennel Club soon after. We were fortunate to find fantastic mentors in Elizabeth C.

Murphy (Carrokeel), Jim Behan (Bearnabui) and Tony Redmond (Atharne) who not only introduced us to the wonderful world of showing and breeding Irish wolfhounds but also became lifelong friends. They instilled in us a sense of responsibility to always aim for a typical wolfhound, sound in body and mind. We were lucky that at the time when we started there were many great kennels around with excellent hounds to train our eyes on. Our first litter arrived in 1984. We soon improved on our foundation stock, and our first homebred Specialty BIS winner was Knocknarea Briciu who won the 1988 IW Club of Ireland Specialty under Cynthia Boissevain. We competed until 2009; winning ten breed Specialty BIS - six in Ireland and four in the UK. Two of the successes stand out the most: the English Club show 1998 with that year's Crufts BOB winner Juxitalia Macmathuna of Knocknarea, and then again in 2002 with his son, Knocknarea Phelix. In that period we also had four BOS Specialty wins, twice taking the double. We had numerous Hound Group winners and several BIS at All Breed shows. Other achievements include Runner-Up Show Dog of the Year and five Annual Champions (Top IW Ireland). In all we bred twenty-six litters; with our last litter, arriving seven years go. Twenty Knocknareas became champions in their new homes abroad. I started judging Irish wolfhounds at Championship level in 1993. Although I have a judging license to judge, some other hound breeds I prefer to stick with "my" breed and consider it a great honour to be invited to judge at your show. I am looking forward to seeing all your beautiful hounds – and their owners. Thank you for allowing me to go over them. Please, show them on a loose leash.

Judges' Comments

What an honour, what a pleasure it was to judge your 27th IWCC BC Branch Specialty at a spectacular venue on this hot and sunny weekend in September. My deepest gratitude and many thanks to everyone involved who made this event happen and made me feel so very welcome, and extending this welcome to my travelling companion as well. Thank you to your hard-working committee, to your many helpers on the ground, to the exhibitors who came from near and far and allowed me to go over their dogs and accepted my decision with such grace and sportsmanship. Thank you also to your well-trained hounds, who patiently tolerated the hands of a stranger feeling and prodding them, checking their teeth on one end and other essential parts at the other. Special thanks to the two J's – Jude and Jocelyn, who made sure that ring

proceedings ran smoothly and who also kept me on the straight and narrow throughout the day. Last but not least, many thanks to Pauline, who picked us up from and delivered us safely back to the airport, enthraling us with interesting stories of life in BC and the land and cityscape we drove through.

Rather than singling out one dog or another for points I'd like to draw attention to, I want to share a few general impressions of your hounds. As is so often the case, the depth of quality in the females exceeded that of the males. This seems to be a worldwide phenomenon and I still haven't figured out why that should be the case so often. Perhaps it is really a management problem deep down; it is far easier to keep any number of females running together than several stallion type males, with testosterone flying high on a permanent basis. Therefore, breeders limit their choice from the start.

Be it as it may, I found my Best Dog amongst the dogs entered but very much regretted that the two males from the Altered Male class could not compete in a regular class. They were of exquisite quality and I dare say that the winner of that class would most probably have been my overall winner. (Unfortunately, the official show picture of him which I saw doesn't do him justice at all). I am happy to see that he is in the same ownership as my Winners Dog.

Temperaments were good, especially in the first class of the day, Canadian Bred Dog. All three hounds were tail-wagging almost non-stop, even on the move. I understand that showing their teeth is hardly any dog's favourite exercise and naturally, I did encounter a small number of unwilling dogs. Perhaps owners should make this part of a fun exercise when ring-training their charges so that the dogs connect it with a positive experience when a stranger reaches for their snouts and pulls their lips up.

One of my pet peeves when judging are straight lines where curves should be, such as straight pasterns. Sadly, I found quite a number of them, some even on the brink of knuckling-over. Not only distort straight pasterns the overall balance of a hound which should be an assembly of curves and angulation but it may cause orthopaedic problems later in life because correct pasterns act as shock absorbers. The same goes for topline. In general, topline were quite good with the desired sweep from head to tail but some had either straight topline without any rise over the loin or they had a marked dip in the middle, pointing to a weak back.

A wolfhound requires a good pair of lungs to give him enough oxygen and endurance to perform the task he was originally destined for. For that reason, ribcages need to be long, deep and capacious. I found some rather flat ribcages and some with a short sternum which not only limits lung capacity but also leads to an atypical underline that runs in a straight line to the groin rather than in a nice curve.

Rear angulation was excellent in most cases, you don't seem to have a problem there anymore. Some fronts did not match the good angulation in the rear, creating an imbalanced picture. I much prefer a moderately angulated hound at both ends than one with excellent hind angulation and a steep front. This again distorts overall balance.

Almost all the dogs were typical in that they displayed all the

characteristics that give us the familiar typical wolfhound look, setting them apart from the massive Great Dane of the 19th century on the one end of the scale and the lighter built deerhound (or greyhound) on the other. A big part of type is the head where both structure and expression are essential in defining our breed. I found good heads in ample supply. Some might have needed a slightly darker eye, but even the lighter eye at least matched the coat colour. Almost all had the required soft Irish expression with that faraway look. Bites however are beginning to show a trend towards level bite. While it is tolerable it is definitely not desirable. Where I saw a level bite I also saw prematurely worn down lower incisors in relatively young dogs. This does not bode well for their future and the future of the breed in general. The lower jaw (a flat bone) is one of the bones that keep growing the longest and the bite may even end up as an undershot in later years. In a breed that is meant to have punishing jaws in order to do their job, small front teeth look almost ridiculous. Although I did not have to count teeth like under FCI rules, I want to draw attention to missing P4s, the largest of the premolars. Although a missing P4 does not impede a hound in everyday modern life, it would definitely be a disadvantage if they were required to grip and hold down prey. Of course, modern wolfhounds do get by on any diet provided regularly, even if they had small or missing teeth or none, but then again, we take great pride in breeding our hounds so that they could still hunt down and kill large prey with speed and stamina. So why do we neglect this other vital aspect of being capable doing their original job. Obviously, natural selection is not at work anymore, so we as breeders should step up to the plate and keep this in mind when making breeding decisions.

Having put my finger on some sore spots, here are my consoling last thoughts of the day.

Overall, I was happy to find what I was looking for in my main winners, they were typical, well-constructed and moved easy and active, with drive from behind and good reach in front. Their bearing in the ring was proud and confident, which the Standard calls 'Commanding Appearance' which is not entirely depending on overall size.

Thank you to the exhibitors for bringing you hounds out under me and thank you to all for creating such beautiful memories for me. I will cherish them for a long time to come.

Arahu Irish Wolfhounds

Sweepstakes & Unofficial Classes

For as long back as I can remember I had always known there would be Irish Wolfhounds in my life. I never read the stories about them, yet somehow I knew they would be in my future. I clearly remember having my mother take me to an All-

Breed show when I was 13 years old and seeking out the one lone Wolfhound entry. I approached the ex-pen he was in, and stood eyeball to eyeball with him - It was like magic! That moment clinched the deal for me, and I knew the day would come when I would be raising them. In February 2002, Kevin and I brought our first hound home – Karon-tara Boba Fett. Less than 2 years later, we acquired my foundation bitch, Jadzja Freesoul of Castlekeep. Despite the heartache that can come with this breed, we have never looked back, and cannot imagine life without Wolfhounds. I have been breeding under the Arahu prefix since 2008. While still fairly new to this breed, I am lucky to count among my closest friends breeders who have been studying the breed for much longer. It has been a great privilege to learn from these friends and mentors, and to meet so many more wonderful and knowledgeable people along the journey. One of the great things about learning is that it never ends.

Right from our first hound, we have been involved with lure coursing. I admire nothing more than a hound who can both excel in the ring and tear up the coursing field as well! I also admire the people who compete in both realms. While conformation showing is important for maintaining the breed standard, it is on the field where the hounds have the real fun and take my breath away. It is unfortunate that so few hounds have the natural inclination to want the chase the bag. I have been waiting many, many years for another coursing hound!

One of the primary focuses I have for my hounds is to rear them as naturally as possible through diet, natural remedies, clean living, and minimizing stress. It is my firm belief that each generation becomes more robust and vital. It may not be the answer to the many health concerns within our beloved breed, but I do believe that each successive naturally reared generation can withstand and fight disease better than the previous generation, and enjoys an excellent quality of life right up to the very end. I strive to breed and raise correct, strong, athletic hounds that possess free and easy movement – hounds that could do the job they were originally bred for.

I am honoured to be invited to judge at this wonderful show. I very much look forward to meeting and going over all of your lovely puppies and hounds.

Judges' Comments

I would like to congratulate the exhibitors on the lovely temperaments of their baby puppies. It was a pleasure to go over such happy babies, wagging and smiling the entire time they were there. I was quite pleased with the overall quality of the puppies presented.

CNOCCARNE NEESAGH FCH (F) TW203928, 10-Nov-07

Breeders: Emma Ross **Owner:** Emma Ross

Niagh as she is known as, will turn 10 in Nov. She is 4th generation here and I wonder where the years have gone.....it seems like just yesterday, she was a puppy running in the field with her littermates.

I am proud to have Niagh here today, she is such a joy to live with, a very strong matriarch, grandmother and mother to many. She continues to rule the roost at Cnoccarne and we wish her many more years to good health..

AUGUST MAYA (F), Listed, 17-May-09

Maya, my sill long limbed girl is now entering her majestic and regal phase. A quiet leader, she enjoys bunny chasing at her own pace and resting in the sun.

HAWHAVEN FIONN TAFFY (F), UY266073, 08-Dec. 08

Breeders / Owners: Glynn & Suzan Humphreys

Taffy is a wonderful hound who still thinks she is a puppy. The Matriarch of the hounds, she rules the roost with love and affection. Dam of our Cariad litter, she loves nothing better than to be with her family and cuddle.

OPEN FEMALE (6 ENT)

A strong class with absolutely beautiful, typical bitches. Apart from my winner who caught my eye from the start, there was very little between the others and I would dearly have loved to deviate from show regulations and would have happily given one first and five seconds. Instead, I had to be nit-picking in the placements which does not really reflect the quality in this class. SPECIALTY JUDGE

MR. JJ HANAS VAN DEN BERG

Netherlands — All Breed

Hans started showing dogs when he was sixteen and made up many champions and CC winners in Norfolk Terriers, Scottish Terriers and Chihuahua's. He started judging in 1978 and as an all-rounder. He has judged in most European countries, in many Asian countries, in South Africa and Kenya, Australia, New Zealand, USA, Canada, Peru, Venezuela, Brazil and Japan. Hans has judged at 10 world shows, did BIS twice at the "Amsterdam – Winners Show" in, judged Australian Shepherds at Crufts and can judge all groups and BIS in England.

Judge's Critique

When you go to a country you have never been before, you don't know what to expect. Is it the type you are used to? Is there a Canadian type?

No, your Irish wolfhounds look exactly the same as here in Europe.

What I liked very much is that they looked at first sight like wolfhounds: they had good size and strength! At home, you sometimes have dogs in the ring, which are too elegant.

I had strong dogs in the ring with good bone and substance. Body length can be a point of discussion. The English standard says long rather than short. Most of the dogs shown had a correct length in body but a few were too long in loin.

I liked the long head of most of the dogs. Some dogs

had a very light eye and that spoils the expression a lot.

Many dogs were well-angulated in front with a level topline and good tails. I think I just had one dog with a curl in the tail. I was very pleased with the coat texture of most of the dogs, which was rough and harsh.

I was very impressed with the movement. In general, your dogs are better movers than what I normally see.

I enjoyed the judging very much and it was a pleasure to give the specialty winner also BIS.

JUGE DE LA SPÉCIALITÉ / SPECIALTY JUDGE

JÜRGEN RÖSNER

Oelmühle, Germany

Avec mon partenaire Jürgen Papenfuß, j'ai débuté l'élevage des Irish Wolfhounds en 1973, suivis des Deerhounds, des Whippets et des Greyhounds.

Durant toutes ces années nous avons gardé un contact étroit, en devenant parfois de bons amis, avec de nombreux éleveurs de longue date, en tentant d'apprendre d'eux le plus possible, en les regardant juger et en allant à tous les grands shows en Angleterre.

Nous nous sommes appuyés sur le jugement d'experts-éleveurs de longue date, tels que Ruth et Leslie Jenkins «**Eaglescrag**», Susan Hudson «**Brabyns**», Mesdames Harrison et d'Atfield «**Sanctuary**», Anastasia Noble «**Ardkinglas**», Mme Glenis Peach «**Kilbourne**» ainsi que sur les conseils amicaux de Bill Siggers «**Ouborough**». Plus tard, la collaboration avec Dagmar Kenis «**Solstrand**» et avec Pamela et Jim Paloma «**Erinwood**», et l'échange de chiens-reproducteurs, ont donné lieu à de nombreux beaux Wolfhounds.

En plus de 30 ans, nous avons élevé plus de 300 champions dans les quatre races en Allemagne et dans 21 pays différents, 12 vainqueurs mondiaux, plus de 40 Bundes et Europasiieger, BIS dans nos 2 plus grands salons comme Bundessieger et Europasiieger, d'innombrables gagnants de groupes et BIS de Spécialités. Les chiens **Oelmühle** sont présents dans 24 pays.

J'ai débuté ma carrière de juge en 1982 avec deux races; les Scottish Deerhounds et les Irish Wolfhounds. J'ai jugé des shows CH-Shows comme Bundessieger et Europasiieger, des shows importants comme Paris et Vienne, des shows de clubs en Angleterre, en Irlande, en Irlande du Nord, en Suède, le Skokloster, aux Pays-Bas, en Suisse sur les côtes ouest et est des États-Unis ainsi qu'au Canada et finalement le World-Show à Stockholm.

En 1998, j'ai débuté l'élevage des Pugs et depuis 2008, j'ai jugé cette race pour des clubs allemands et néerlandais ainsi que dans plusieurs pays européens.

En 2007, nous avons été honorés par le Kennel Club allemand (VDH) pour notre élevage exceptionnel d'Irish Wolfhounds durant de si nombreuses années et avons reçu la médaille «Baron von Gingins».

— Jürgen Rösner

*

With my partner Jürgen Papenfuß I started in Irish Wolfhounds in the year 1973 followed later by Deerhounds, Whippets and Greyhounds.

In all those years, we kept close contact, even making friends with many of the old breeders, trying to learn as much as possible from them, watching them judge and going to all the big shows in Britain.

We relied on the expert judgement of longstanding breeders. Ruth and Leslie Jenkins 'Eaglescrag', Susan Hudson 'Brabyns', Mesdames Harrison and Atfield 'Sanctuary', Ms. Anastasia Noble 'Ardkinglas', Mrs. Glenis Peach 'Kilbourne', and the friendly advice of Bill Siggers 'Ouborough'. The co-operation in later years with Dagmar Kenis 'Solstrand', Pamela, and Jim Paloma 'Erinwood', combined with the exchange of stud dogs resulted in many fine Wolfhounds.

In over 30 years, we have bred more than 300 champions in all four breeds. German and international in 21 different countries, 12 world winners, over 40 Bundes- and Europasiieger, BIS at our 2 biggest shows like Bundessieger and Europasiieger, countless group winners and BIS at Specialties. Oelmühle hounds are in 24 countries.

My judging of the two breeds, Scottish Deerhounds and Irish Wolfhounds, started in the beginning of 1982. I've judged as breeder-judge at CH-Shows like Bundessieger and Europasiieger, important shows like Paris and Vienna, Club shows in England, Ireland, North Ireland, Scandinavia, Sweden, Skokloster, the World-Show in Stockholm, Netherlands, Switzerland, and the west and east coasts of the United States as well as Canada.

I started in Pugs 1998 and since 2008, I have judged the German and Dutch Club shows and in several European countries.

In 2007, I was honoured by the German Kennel Club (VDH) for our outstanding breeding of Irish Wolfhounds over many years, and awarded the "Baron von Gingins" medal.

— Jürgen Rösner

Commentaires Généraux

Merci de m'avoir réinvité au Canada, cette fois à la spécialité régionale du Québec à St Jean sur Richelieu. La spécialité a eu lieu à la base militaire, un lieu idéal avec beaucoup d'arbres et d'ombrage pour les chiens durant une journée chaude.

Un gros merci à la surintendante Marie Pontois et à Pascale Pontois, la secrétaire du show; leur efficacité et leur expérience ont facilité le bon déroulement du show. Un gros merci aussi à ma merveilleuse hôtesse Huguette Rainforth.

La qualité de vos chiens n'a pas changé depuis que j'ai jugé votre nationale il y a 10 ans, et c'était un grand plaisir de juger à nouveau vos chiens. J'aime beaucoup mes deux gagnants. Les deux ont un excellent mouvement et le choix du meilleur a été difficile.

J'ai été surpris de voir qu'il n'y avait peut-être qu'un chien avec une mauvaise occlusion. La plupart des chiens étaient très typiques. Très peu avaient des oreilles plates, des yeux clairs, des devants étroits et seulement quelques-uns étaient assez timides pour que je ne puisse pas les examiner.

La plupart des chiens avaient un excellent mouvement et seulement quelques-uns avaient une faiblesse de l'arrière-train et un manque de poussée des pattes arrières.

Ce que j'ai vraiment apprécié c'est que très peu de chiens avaient de courtes pattes. Dans l'ensemble, c'étaient de très bons chiens.

Encore merci à tous ceux qui m'ont si bien présenté leurs chiens, en si bonne condition.

General Comments

Thank you for inviting me again to Canada, this time to the Quebec Regional Specialty in St Jean sur Richelieu. The show was held at the military base, a perfect venue with lots of trees and shade for the hounds on a hot day.

A special thanks to my very good show steward and secretary, Marie and Pascale Pontois, who made the show run smoothly. Also thank you to my wonderful host Huguette Rainforth.

The quality of your hounds has not changed from when I judged the National 10 years ago, and, it was again a great pleasure to go over your hounds. I like my two winners a lot. Both are extremely good movers and it was difficult to decide between them.

I was surprised that there was maybe only one without a perfect bite. Most of the hounds were very typical. Very few with flat ears, light eyes, strait fronts, and only a few shy ones that I could not go over.

Most of the hounds had excellent movement with only a few with weak hindquarters and not the right drive from behind. What I really liked is that I saw very few hounds on short legs. Over all very good hounds.

Again thank you to all who showed their hounds under me in good condition and very well presented.
